

Enovation Sliding Window

The Enovation Sliding Window offers a superb blend of affordability, durability and functionality. Designed to incorporate natural light and airflow without protruding into walkways, The Enovation Sliding Window is conducive to a hazard-free, space-conscious environment. Ezial's Ezi-Seal technology enhances the appeal of the system, offering effective insulation and minimising the reliance on air-conditioning – saving electricity costs and the environment.

FEATURES & BENEFITS

- No unsightly or hazardous internal protrusions
- Smooth finished edges for safety
- High-performance fin seals to effectively insulate and reduce noise
- Enhances natural light and ventilation
- Ezi-Slide ball bearing roller for smooth and effortless operation
- Screening provisions and keyed sash locks for optimum security
- NATA tested and accredited

PRODUCT OPTIONS

- Wide range of versatile configurations
- Heavy-duty components for high-wind-load areas
- Wide variety of glazing options available
- Soft-curved, light-to-heavy-duty mullions and transoms
