

Alfresco Served Bifold Window

The Alfresco Served Bifold Window System offers a stylish and unique alternative to the standard sliding window. This fabulous system encourages indoor / outdoor integration with an unobstructed wide opening that is perfect for counters and serving areas, both residential and commercial. In addition to practical functionality, this unique system also offers outstanding ventilation. The Alfresco Served Bifold Window System can also be incorporated with Centor's state-of-the-art E2 and E3 hardware.

FEATURES & BENEFITS

- Ideal for residential counters and commercial serving areas
- Sill-less options eliminating unsightly guide channels in benchtops
- Huge opening – free of fixed glass panels, mullions and posts
- Smooth gliding operation
- Ezi-Seal technology for enhanced weather durability, insulation, and acoustics
- Complete vertical and horizontal adjustments

PRODUCT OPTIONS

- E2 hardware – economical and high quality
- E3 hardware – enhanced performance and larger window panels
- Bottomless sill – unobstructed counter transition
- Single or double glazing
- Inward or outward folding configurations
- 90 degree post-less corner
- Single-direction or bi-parting openings
- Dual and three-point locking systems for added security
